

Dear Candidates,

It is our great pleasure to invite you to the National CME on **“Evolving Paradigms in Diabetes Mellitus”**, on **13th & 14th April 2013**, at **National Board of Examinations, New Delhi**, organized by **Lippincott Academy of Clinical Excellence in consortium with National Board of examinations** .

This 2 day NBE certified CME program is specifically tailored for postgraduate students, senior residents and specialists in Internal Medicine, General Medicine, General Surgery, Obstetrics & Gynecology, Ophthalmology, Family Medicine, Endocrinology, Nephrology & Neurology.

India leads the world with largest number of diabetic subjects earning the dubious distinction of being termed the “diabetes capital of the world and complications from diabetes are resulting in increasing disability, reduced life expectancy and enormous health costs for virtually every society. Physicians across specialties are expected to deliver high quality of care & integrated management in Diabetes.

This CME aims to deliver a plethora of knowledge both basics and advanced through lectures, discussions and case presentations. The sessions are planned to provide a very comprehensive update on the latest insights into the pathogenesis, diagnosis, advances and upcoming strategies and approaches in the management of diabetes and its complications. **The CME focuses on evolving paradigms in diabetes management encapsulating the 2013 clinical recommendations of the American Diabetes Association (ADA), European Association for the Study of Diabetes (EASD) and latest guidelines of Association of Physicians of India (API)**. The topics to be covered during the CME are enlisted in the enclosed brochure.

The eminent faculty includes highly experienced faculty in leading institutions.

We are sure that you will find the conference a great learning experience, and we hope that you make the most out of this extensive academic exercise through active interaction. The topics covered are within the curriculum of the PG Training.

Your participation is highly recommended.

Please note that seats are limited.
