

Learning Material for DNB Candidates on DVD's available with National Board of Examinations (updated as on 31.1.2010)

DVDs-Trauma assessment and management

Vol.I-A	Part-1,Trauma assessment and resuscitation Part-2,Trauma in children and pregnant women
Vol.I-B	Part-3, Head and spinal cord trauma Part-4,Thoracic, abdominal and geriatrics trauma
Vol.II-A	Part-5,Blast and musculo-skeletal trauma Part-6,Fluid and electrolytes administration in surgical cases
Vol.II-B	Part-7,Blood and component administration Part-8,Fluid and electrolytes administration in medical cases
Vol.III-A	Part-9, Management of blunt trauma to abdomen Part-10, Management of hand injury
Vol.III-B	Part-11, Management of bone, soft tissue and vascular injuries Part-12, Replacement of hair and skin in injuries

DVDs-Thesis -Research and statistical methods

Vol.I-A	Part-1, Writing thesis protocol-I Part-2, Writing thesis protocol-II
Vol.I-B	Part-3, Writing thesis- I Part-4, Writing thesis- II
Vol.II-A	Part-5, Special issues related to research
Vol.II-B	Part-6, Basic steps in research
Vol.III-A	Part-7, Types of research designs Part-8, Sample size and sampling techniques
Vol.III-B	Part-9, Concept of chance, confounding and bias Part-10, Statistical tests

DVDs-Important Issues related to clinical practice

Vol.I-A	Part-1, Consumer Protection Act Part-2, medico legal aspects in clinical practice
Vol.I-B	Part-3, Medical negligence and duties of a doctor Part-4, Surgical audit
Vol.II-A	Part-5, Hospital acquired infections Part-6, Hospital safety protocols
Vol.II-B	Part-7, Infection control in wards Part-8, Infection control in OTs/ ICUs
Vol.III-A	Part-9, Patient safety protocols
Vol.III-B	Part-10, Effective communication with patients

DVDs-Emergency management

Vol.I-A	Part-1, Approach to a unconscious patient Part-2, Approach to a patient with respiratory failure
Vol.I-B	Part-3, Approach to a patient with Coronary heart disease Part-4, Approach to a patient with poisoning
Vol.II-A	Part-5, Approach to a patient with HIV/AIDS Part-6, Approach to pregnant woman with diabetes
Vol.II-B	Part-7, Approach to a child with Diabetes
Vol.III-A	Part-8, Approach to an adult with Diabetes Part-9, Administration of anesthetic to a patient with diabetes
Vol.III-B	Part-10, Basic information on sutures Part-11, Basic information on Knots

DVDs- Bedside teaching & training

Vol.I-A	Part-1, Bedside clinical teaching-qualities of teacher-I Part-2, Bedside clinical teaching-qualities of teacher-II
Vol.I-B	Part-3, Bedside clinical teaching- in Medicine Part-4, Bedside clinical teaching- in Pediatrics

DVDs-DNB Medicine

Vol.I-A	Part -1- Key points for preparing in DNB (Medicine) Theory Examination Part -2- Key points for preparing long cases in Practical DNB (Medicine) examination
Vol.I-B	Part -3- Key points for preparing short cases in Practical DNB (Medicine) examination Part -4- Key points for preparing for Viva in practical DNB (Medicine) examination
Vol.II-A	Part -5- Key points for preparing for Spots in Practical DNB (Medicine) examination
Vol.II-B	Part -6- Basics of ECG and its interpretation ,Medicine
Vol.III-A	Part -7- Basics of Echocardiogram and its interpretation, Medicine Part -8- Neuro Radiology and Gastro-intestinal Radiology, Medicine
Vol.III-B	Part -9- Guidelines for case discussions for consultants, Medicine Part -10- Basics of Objective Structured Clinical Examination (OSCE), Medicine
Vol.IV-A	Part -11- Guidelines for case presentation for candidates, Medicine Part -12- Guidelines for case presentation for candidates, Medicine
Vol.IV-B	Part-13- Case of Nephrotic Syndrome, Medicine Part-14- Case of renal Failure, Medicine
Vol.V-A	Part-15-History taking Part-16- Clinical examination
Vol.V-B	Part-17- Examination of GIT & Respiratory systems Part-18- Examination of CVS
Vol.VI-A	Part-19- examination of CNS
Vol.VI-B	Part-20- Mock examination- Instruments Part-21- Mock examination- Specimens & ECG Part-22- Recent advances
Vol.VII-A	Part-23, Approach to a case with Diabetes-I Part-24, Approach to a case with Diabetes-II Part-25, Approach to a case with Jaundice
Vol.VII-B	Part-26, Approach to a case with hematological disorder Part-27, Approach to a case with splenomegaly Part-28, Approach to a case with heart disease
Vol.VIII-A	Part-29, Approach to a CNS Case-I Part-30, Approach to a CNS case-II Part-31, Approach to a CNS case-III
Vol.VIII-B	Part-32, Approach to a CNS case-IV Part-33, Approach to a CNS case-V Part-35, Approach to a case with chest infection
Vol.IX-A	Part-36, Viva on X-rays Part-37, Viva on MRI
Vol.IX -B	Part-38, Ward round Part-39, Viva on ECG
Vol.X-A	Part-40, Clinical case scenario in medicine
Vol.X -B	Part-41, Viva on instruments Part-42, Approach to a case with joint pain
Vol.XI-A	Part-43, Management of Diabetes Mellitus-I Part-44 Management of Diabetes Mellitus-II
Vol.XI-B	Part-45, management of hypertension and IHD in diabetes mellitus Part-46, Basic principles of DOTS

Vol.XII-A	Part-47, Management of respiratory & systemic mycosis Part-48 Management of high risk factors in cardiovascular disorders
Vol.XII-B	Part-49 Management of acute coronary syndrome Part-50, Management of heart failure
Vol.XIII-A	Part-51, Management of valvular heart disease Part-52, Management of rhythm and conduction disorders
Vol.XIII-B	Part-53, Cardiac pacing- basics and indications Part-54, Echocardiography-I Part-55, Echocardiography-II
Vol.XIV-A	Part-56, Lab approach to anemia Part-57, Management of refractory anemia Part-58, Management of pregnancy induced hypertension
Vol.XIV-B	Part-59, Management of diabetic foot Part-60, Insulin therapy in diabetes
Vol.XV-A	Part-61, Management of hyponatremia Part-62, Management of calcium-phosphorus disturbance in chronic renal disease
Vol.XV-B	Part-63, Bedside approach to a patient with renal disease Part-64, Sustained low efficiency daily dialysis
Vol.XVI-A	Part-65, Epidemiology, pathogenesis and diagnosis of bronchial asthma Part-66, Aerosol bronchodilator therapy
Vol.XVI--B	Part-67, Management of chronic stable bronchial asthma Part-68, Management of difficult asthma Part-69, Management of acute severe asthma
Vol.XVII-A	Part-70, Etiopathogenesis, clinical presentation and diagnosis of COPD Part-71, Management of COPD-I
Vol.XVII--B	Part-72, Management of COPD-II Part-73, Management of COPD-III
Vol.XVIII-A	Part-74, Management of Pneumothorax Part-75, Oxygen therapy
Vol.XVIII--B	Part-76, Management of a case with lung cancer Part-77, Management of community based pneumonia
Vol. XIX-A	Part-78, Management of severe community acquired pneumonia Part-79, Management of pneumonia in immuno-compromised host
Vol. XIX-B	Part-80, Management of hospital acquired pneumonia Part-81, Management of pneumonia in elderly
Vol. XX-A	Part-82, Classification of diffuse parenchymal lung diseases Part-83, Diagnostic approaches and evaluation of diffuse parenchymal lung diseases
Vol. XX-B	Part-84, Bronchoscopic investigations in diffuse pulmonary diseases Part-85 Histo-pathological patterns in diffuse pulmonary diseases
Vol. XXI-A	Part-86, Imaging in diffuse parenchymal lung diseases Part-87, Management of Idiopathic pulmonary fibrosis
Vol. XXI-B	Part-88, ILD in collagen vascular diseases Part-89, Management of Sarcoidosis
Vol. XXII-A	Part-90, Management of hypersensitivity pneumonitis Part-91, Management of pulmonary eosinophilias
Vol. XXII-B	Part-92, Diagnosis and management of dyslipidemia Part-93, Management of hypertension
Vol. XXIII-A	Part-94, Management of acute coronary syndrome Part-95, Current status of coronary bypass surgery
Vol. XXIII-B	Part-96, Definition, etiology and diagnosis of chronic kidney disease

Part-97, Management of anemia in chronic kidney disease

DVDs-DNB Dermatology

Vol.I-A	Part -1- Applied Anatomy, Dermatology
Vol.I-B	Part-2, Applied Microbiology, Dermatology Part -3- Applied Pathology, Dermatology Part-4, History & Clinical Examination, Dermatology
Vol.II-A	Part -5- Lab procedures in Dermatology
Vol.II-B	Part-6-Common dermatological problems, Part-7- Basics of Objective Structured Clinical Examination (OSCE), Dermatology Part-8, Applied embryo-anatomy, Dermatology
Vol.III-A	Part -9- Clinical procedures in Dermatology
Vol.III-B	Part-10-Diagnostic procedures in Dermatology Part-11-Therapeutic procedures in dermatology

DVDs-DNB Surgery

Vol.I-A	Part-1-Preparing for examination in Surgery
Vol.I-B	Part-2,Key points for long case presentations in Surgery Part-3-Key points for short case presentations in Surgery
Vol.II-A	Part-4, Key points for viva and ward rounds in Surgery Part -5- Case presentation by candidates in Surgery
Vol.II-B	Part-6-Long case discussions guidelines for consultants in Surgery Part-7- Basics of Objective Structured Clinical Examination (OSCE)
Vol.III-A	Part-8, Thyroid multi-nodular swelling Part-9, Thyrotoxicosis
Vol.III-B	Part-10, Salivary gland swelling Part-11, Cervical swelling Part-12, Oral ulcer
Vol.IV-A	Part-13, Breast lump in female Part-14, Breast lump in male
Vol.IV-B	Part-15, Shoulder swelling Part-16, Umbilical lump
Vol.V-A	Part-17, PVD Part-18, Ulcer foot Part-19, A-V Malformations
Vol.V-B	Part-20, Necrotising fasciitis Part-21, Tracheostomy Part-22, Liver lump
Vol.VI-A	Part-23-Mock examination-Instruments Part-24- Mock examination-X-rays
Vol.VII-A	Part-27-Applied anatomy of head, face and neck Part-28-Applied anatomy of Breast & intestine
Vol.VII-B	Part-29-Applied anatomy of rectum and anus Part-30-Applied anatomy of Prostrate & Testis
Vol.VIII-A	Part-31-Applied anatomy of liver & varicose veins Part-32-pathophysiology of salivary glands tumours
Vol.VIII-B	Part-33,Pathophysiology of GERD Part-34, Pathology of testicular tumour
Vol.IX-A	Part-35, Obstructive jaundice-I
Vol.IX-B	Part-36, Obstructive jaundice-II Part-37, Pathophysiology of obstructive jaundice
Vol.X-A	Part-38, Basic types of dressing for wounds Part-39, Basic types of sutures
Vol.X-B	Part-40- Suturing techniques Part-41- Types of knots
Vol.XI-A	Part-42, Basic post-operative care Part-43, safety and sterilisation in surgical practice
Vol.XI-B	Part-44, Common surgical procedures in the wards-I Part-45, Common surgical procedures in the wards-II
Vol.XII-A	Part-46, Soft tissue sarcoma Part-47, Oral Cancer
Vol.XII-B	Part-48, Sleep Apnea Part-49, Approach to a case with inguinal swelling

Vol.XIII-A	Part-50, Instruments	Vol.I-B	Part -3 Preparing for examination
	Part-51, X-rays		Part-4-Long case discussions guidelines for consultants
Vol.XIII-B	Part-52, Ward round		Part-5- Basics of Objective Structured Clinical Examination (OSCE)
Vol.XIV-A	Part-53, Approach to a case with thyroid swelling	Vol.II-A	Part-6, Key points for short cases presentation
Vol.XIV-B	Part-54, Approach to a case with jaundice		Part-7, History taking
Vol.XV-A	Part-55, Approach to a case with PVD	Vol.II-B	Part-8, Clinical examination of Obstetrics cases
	Part-56, Approach to a case with lump breast		Part-9, Clinical examination of Gynae cases
Vol.XV-B	Part-57, Approach to a case with acute abdomen	Vol.III-A	Part-10, pre & Post operative care
	Part-58, Approach to a case with lump in abdomen	Vol.III-B	Part-11, Applied anatomy
Vol XVI-A	Part-59 Applied anatomy of urinary tract, rectum and anal canal	Vol.IV-A	Part-12, Mock examination-dummy Pelvis
	Part-60, Management of rectal prolapse		Part-13- Mock examination-X-rays, specimens, instruments
Vol. XVI-B	Part-61, Management of pilonidal sinus disease	Vol.IV-B	Part-14, recent advances
	Part-62, Management of benign tumours of breast		Part-15, Model answers for theory questions
Vol. XVII-A	Part-63, Management of acute mesenteric ischemia-I	Vol.V-A	Part-16 -Minor procedures in OBG-I
	Part-64, Management of acute mesenteric ischemia-II		Part-17, Minor procedures in OBG-II
Vol. XVII-B	Part-65, Principles of laproscopic surgery	Vol.V-B	Part-18, Minor procedures in OBG-III
	Part-66, Management of bile duct injury		Part-19, Screening for cancer cervix
Vol. XVIII-A	Part-67, Management of abdomen compartment syndrome	Vol.VI-A	Part-20, Pharmaco-therapeutics of drugs for Gyane
	Part-68, Pancreatic transplant		Part-21, Pharmaco-therapeutics of drugs for Obstetrics
Vol. XVIII-B	Part-69, Applied anatomy of anterior abdominal wall, inguinal canal and pelvic floor	Vol.VI-B	Part-22, Ultrasound in obstetrics
	Part-70, Management of metastatic lymphnodes of neck		Vol.VII-A, Part-23, Basic mechanism of labour
Vol. XIX-A	Part-71, Presentation of a case of thyroglossal cyst	Vol.VII-B,	Part-24, occiput posterior position in a pregnant woman
	Part-72, Presentation of a case of oral cancer		Part-25, Face, Brow & Cord presentation in a pregnant woman
Vol. XIX-B	Part -73, Presentation of a case of oral ulcer		Part-26, Transverse lie in a pregnant woman
	Part-74, Presentation of a case of cancer breast	Vol.VIII-A,	Part-27, Breech presentation in a pregnant woman
Vol. XX-A	Part-75, Management of case of pylo-ureteric junction obstruction-I		Part-28, Pathophysiology of urinary continence
	Part-76, Management of case of pylo-ureteric junction obstruction-II	Vol.VIII-B,	Part-29, Anatomy of ureter and sites for common injuries
Vol. XX-B	Part-77, Management of a case of Hypospadias-I		Part-30, Development of female genital tract and its clinical importance
	Part-78, Management of a case of Hypospadias-II	Vol.IX-A,	Part-31, Patho-physiology of endometrium and its clinical importance
Vol. XXI-A	Part-79, Role of CET in GI malignancies		Part-32, Thyroid and its role in pregnancy
	Part-80, Bariatrics and metabolic surgery	Vol.IX-B,	Part-33- development of Amnion, its structure and functions
Vol. XXI-B	Part-81, Management of anorectal malformations-I	Vol.X-A,	Part-34- Anatomy of Pelvic floor and its importance in OBG
	Part-82, Management of anorectal malformationsII		Part-35-Perinatal diagnosis-I
Vol. XXII-A	Part-83 Management of case of breast lump – I	Vol.X-B,	Part-36- Perinatal diagnosis-II
	Part-84, Management of case of breast lump–II		Part-37- Development of Placenta and its functions
Vol. XXII-B	Part-85, Management of case of breast lump – III	Vol.XI-A,	Part-38-Physiological and neuro-endocrinal changes
	Part-86, Management of case of breast lump–IV		Part-39, Harmonal & emergency contraception
Vol. XXIII-A	Part-87, Management of case of breast lump–V	Vol.XI-B,	Part-40, Barrier methods of contraceptions
	Part-88, Management of case of lump abdomen–I		Part-41- IUCD
Vol. XXIII-B	Part-89, Management of case of lump abdomen–II	Vol.XII-A,	Part-42- Permanent methods of contraception
	Part-90, Management of case of lump abdomenIII		Part-43- Ante and post natal care
Vol. XXIV-A	Part-91, Management of case of genito-urinary trauma in children	Vol.XII-B,	Part-44- Approach to Pregnant woman with edema feet
	Part-92, Management of case of soft tissue tumor – I		Part-45- Approach to a Pregnant woman with bleeding in last trimester
VolXXIV-B	Part-93, Management of case of soft tissue tumor – II	Vol.XIII-A,	Part-46- Approach to a postnatal woman with bleeding
	Part-94, Management of case of soft tissue tumor–III		Part-47, Approach to post natal woman with high fever
Vol. XXV-A	Part-95, Management of case of soft tissue tumor-IV	Vol.XIV-A,	Part- 48, Approach to a case of pregnant woman with anemia
	Part-96, Management of a case of soft tissue sarcoma-V		Part-49, Approach to a case of pregnant woman with previous history of CS
Vol. XXV-B	Part-97, Management of case of short bowel syndrome	Vol.XIV-B,	Part-50, Approach to a pregnant woman with RHD
	Part-98, Complications of pancreato-dudenoectomy		Part-51, Approach to pregnant woman with hypertension
Vol. XXVI-A	Part-99, Evaluation of a case with peripheral vascular disease	Vol.XV-A,	Part-52, Approach to a case of pregnant woman with diabetes
	Part-100, Stem cell therapy in peripheral vascular diseases		Part-53, Approach to a case of woman with history of bleeding PV following abortion
Vol. XXVI-B	Part-101, Management of vascular trauma	Vol.XV-B,	Part-54, Approach to a case of woman with fibroid
	Part-102, Newer modalities in treatment of varicose veins		Part-55, Approach to a case of woman with menstrual disorders
		Vol.XVI-A,	Part-56, Approach to a case of prolapsed uterus
			Part-57, Approach to a case of discharge PV
		Vol.XVI-B,	Part-58, Approach to a case of cancer cervix

DVDs-DNB OBG

Vol.I-A	Part-1, Key points for long case presentations
	Part-2, Key points for viva and ward rounds

- Vol. XVII-A Part-59, Approach to a case of incontinence of stools
- Vol. XVII-B Part-60, Approach to a case of infertility
- Vol. XVIII-A Part-61, Approach to a case of ovarian tumor
- Vol. XVIII-B Part-62, Anatomy of foetus and its development
- Vol. XIX-A Part-63, Development of female urogenital tract
- Vol. XIX-B Part-64, management of a case of urine incontinence
- Vol. XX-A Part-65, Anatomy of pelvic floor
- Vol. XX-B Part-66, Management of a case of vault prolapse
- Vol. XXI-A Part-67, Recent advances for the screening of pregnant woman for foetal abnormalities
- Vol. XXI-B Part-68, recent advances in thrombo-prophylaxis in obstetrics
- Vol. XXII-A Part-69, recent advances in screening and prevention of cancer cervix
- Vol. XXII-B Part-70, Management of a case of cancer cervix

- Vol.I-B Part -4- Viva instrument in ENT
- Vol.II-A Part-5, hints fro examination ENT
- Vol.II-B Part-6, History & clinical examination
- Vol.III-A Part-7, Clinical examination ENT
- Vol.III-B Part-8- Case of frontal swelling
- Vol.IV-A Part-9-case of CSOM
- Vol.IV-B Part-10-Case of midline leision of tongue
- Vol.V-A Part-11- case of change in voice
- Vol.V-B Part-12- Preparing for theory examination
- Vol.VI-A Part-13-Intruments in ENT
- Vol.VI-B Part-14-surgical procedures
- Vol.VII-A Part-15- Anatomy of facial nerve
- Vol.VII-B Part-16, Anatomy of larynx and physiology of Phonation
- Vol.VIII-A Part-17, Applied anatomy of neck
- Vol.VIII-B Part-18- applied anatomy of middle ear
- Vol.IX-A Part-19- Applied anatomy of middle meatus
- Vol.IX-B Part-20, Approach to a case with Foreign body in ear and nose
- Vol.X-A Part-21- Approach to a case with recurrent sore throat and fever
- Vol.X-B Part-22 Approach to a child with hoarseness of voice
- Vol.XI-A Part-23- Approach to an elderly person with hoarseness of voice
- Vol.XI-B Part-24- Approach to an adult with history of dysphagia
- Vol.XII-A Part-25- Approach to a case with epistaxis
- Vol.XII-B Part- 26, approach to a case with discharge from ear
- Vol.XIII-A Part-27- Model answers to theory questions
- Vol.XIII-B Part-28, Approach to a case with congenital mass in nose-I
- Vol.XIV-A Part-29, Approach to a case with nasal mass-II
- Vol.XIV-B Part-30, Approach to a case with nasal mass-III
- Vol.XV-A Part-31, Approach to a case with laryngeal mass-I
- Vol.XV-B Part-32, Approach to a case with laryngeal mass-II
- Vol.XVI-A Part-33, Approach to a child with tonsillitis
- Vol.XVI-B Part-34, Common case scenario in ENT
- Vol.XVII-A Part-35, Common audiological investigations
- Vol.XVII-B Part-36, Imaging in ENT-I
- Vol.XVIII-A Part-37, Imaging in ENT-II
- Vol.XVIII-B Part-38, Specimen in ENT
- Vol.XIX-A Part-39, Approach to a child with discharge from ear

DVDs-DNB Radiology

- Vol.I-A Part -1- Long case discussion
- Vol.I-B Part -2- Short case presentation
- Vol.II-A Part -3- Short case discussions
- Vol.II-B Part -4- OSCE film
- Vol.III-A Part-5, short case discussions in Neuro and G.I Radiology
- Vol.III-B Part-6, Instruments & procedures
- Vol.IV-A Part-7, Radio physics- instruments
- Vol.IV-B Part-8, Radio physics- Radiation safety
- Vol.V-A Part-9- Mock examination in radiology
- Vol.V-B Part-10, recent advances
- Vol.VI-A Part-11, MR Angiography
- Vol.VI-B Part-12, MR Sequences
- Vol.VII-A Part-13, CT Angiography
- Vol.VII-B Part-14, Digital radiography
- Vol.VIII-A Part-15, Interventional Radiology
- Vol.VIII-B Part-16, MRI Physics-I
- Vol.IX-A Part-17, MRI Physics-II
- Vol.IX-B Part-18, MRI Physics-III
- Vol.X-A Part-19, Imaging of skeletal systems-I
- Vol.X-B Part-20, Imaging of skeletal system-II
- Vol.XI-A Part-21, Imaging of skeletal system-III
- Vol.XI-B Part-22, Imaging of cranial nerves
- Vol.XII-A Part-23, Imaging of abdomen
- Vol.XII-B Part-24, Role of ultrasound in breast disorders
- Vol.XIII-A Part-25, Equipments and instruments in radiology-I
- Vol.XIII-B Part-26, Equipments and instruments in radiology-II
- Vol.XIV-A Part-27, Basic concepts in interventional radiology
- Vol.XIV-B Part-28, MRI-MRCP
- Vol.XV-A Part-29, FDG/PET/CT
- Vol.XV-B Part-30, Interventional radiology- basics of hardware
- Vol.XVI-A Part-31, Neuro- interventional radiology
- Vol.XVI-B Part-32, vascular- interventional radiology
- Vol.XVII-A Part-33, Pediatrics cardiac imaging
- Vol.XVII-B Part-34, Imaging of urinary tract-I
- Vol.XVIII-A Part-35, Imaging for renal infections
- Vol.XVIII-B Part-36, Obstetrics ultra-sonography
- Vol.XIX-A Part-37, Mammography
- Vol.XIX-B Part-38, Guidelines for radiology reporting
- Vol.XXX-A Part-39, CT Angiography -II
- Vol.XXX-B Part-40, Imaging skeletal dysplasias
- Vol.XL-A Part-41, PNDT act and rules

DVDs-DNB Ophthalmology

- Vol.I-A Part 1 Hints for OSCE in ophthalmology
- Vol.I-B Part 2 OSCE film
- Vol.II-A Part 3 Short case discussion in ophthalmology
- Vol.II-B Part 4 Viva and instrument in ophthalmology
- Vol.III-A Part-5, Clinical cases
- Vol.III-B Part-6, History and clinical examination
- Vol.IV-A Part-7, clinical procedures
- Vol.IV-B Part-8, Surgical procedures
- Vol.V-A Part-9 recent advances
- Vol.V-B Part-10, flourescin & ICG Angiography
- Vol.VI-A Part-11- Ultra sound in common eye problems
- Vol.VI-B Part-12- Optical coherence tonography
- Vol.VII-A Part-13- Indirect ophthalmoscopy & fundus biomicroscopy
- Vol.VII-B Part-14- Diabetes studies DRD, ETDRS, VKPDS, DCCT
- Vol.VIII-A Part-15, Glaucoma-I, Classification
- Vol.VIII-B Part-16, Glaucoma-II, Approach to a case with Glaucoma
- Vol.VIII-C Part-17, Glaucoma-III, Case with cataract & Glaucoma
- Vol.VIII-D Part-18, Glaucoma-IV, Interpretation of automated perimetry
- Vol.VIII-E Part-19, Glaucoma-V, Surgical procedures
- Vol.VIII-F Part-20-Applied anatomy of orbit and orbital cellulitis
- Vol.VIII-G Part-21-Clinical examination and investigatio of space occupying leision of Orbit
- Vol.VIII-H Part-22-Approach to case with Thyroid eye disorders

DVDs-DNB ENT

- Vol.I-A Part -1- Long case discussion for ENT
- Vol.I-B Part -2- Short case discussion for ENT
- Vol.II-A Part-3-OSCe Film for ENT

- Part-23-Approach to a case with non-inflammatory orbit disorders
- Vol.VII-A Part-24-Approach to a case with blow out fracture of Orbit
- Part-25- Approach to a case with chemical injury to eye
- Vol.VII-B Part-26- Approach to a case with penetrating injury to eye
- Part-27- Approach to a case with blunt injury to eye
- Vol.VIII-A Part-28- Approach to a school going child with defective vision
- Part-29-Approach to a patient with poor vision
- Vol.VIII-B Part-30-Approach to a child with congenital cataract
- Part-31- Approach to a child with squint
- Vol.IX-A Part-32, Approach to a case with fungal infection of cornea
- Part-33, Approach to a case with retinal detachment and filed defects
- Vol.IX-B Part-34, Spots on OCT, ICG & angiography
- Part-35, Imaging aspects of eye
- Vol.X-A Part-36, Approach to a case of deformity of eye lids
- Part-37, Approach to a case of ptosis
- Part-38, Approach to a case of injury to eye
- Vol.X-B Part-39, Approach to a case of diplopia
- Part-40, Approach to a case of Trachoma

DVDs-DNB Orthopedics

- Vol.I-A Part-1, History taking
- Part-2, Clinical examination
- Vol.I-B Part-3, Common Fractures
- Part-4, Common Procedures
- Vol.II-A Part-5, OSCE Film
- Part-6-Long case presentation
- Part-7-Hints for practical examination
- Vol.II-B Part-8- Applied anatomy
- Part-9-Mock examination-instruments
- Vol.III-A Part-10-Mock examination-X-rays
- Part-11- Mock examination-specimens
- Vol.III-B Part-12-Recent advances
- Vol.IV-A Part-13-Development of skeleton
- Part-14-Histology of Bone & muscle
- Vol.IV-B Part-15-Physiology of bone & cartilage
- Part-16- Bone healing, nonunion and malunion
- Vol.V-A Part-17-Examination of hip joint and total hip replacement-I
- Part-18-Biomechanics of hip joint and preoperative assessment
- Vol.V-B Part-19-Surgical approaches to hip and hip arthroplasty
- Part-20-Complications of total hip replacement
- Vol.VI-A Part-21- Approach to a case with Metabolic disorders of bone
- Part-22- Approach to a case with congenital abnormalities of skeletal system
- Vol.VI-B Part-23- Approach to a child with Congenital dislocation of hip
- Part-24- Approach to a child with club foot
- Vol.VII-A Part-25- Approach to a critically injured patient
- Part-26- Approach to a case with bone swelling
- Vol.VII-B Part-27-Approach to a child with history of fall and unable to move upper limb
- Part-28- Approach to an old woman with history of fall and not able to move lower limb
- Vol.VIII-A Part-29- Basic principles in reduction of common dislocations
- Part-30- Basic principles in the management of osteoarthritis
- Vol.VIII-B Part-31-Basic principles in the reduction of common fractures
- Part-32- Basic techniques of putting splints

- Vol.IX-A Part-33- Basic techniques of putting tractions
- Part-34- basic techniques of putting plaster
- Vol.IX-B Part-35- Basic therapeutic procedures in orthopedics
- Part-36- Basic physiotherapeutic measures in orthopedics
- Vol.X-A Part-37, Approach to a case with deformity of foot
- Part-38, Approach to a case with deformity of knee joint
- Vol.X-B Part-39, Approach to a case with deformity of elbow joint
- Vol.XI-A Part-40, Approach to a case with post traumatic contracture
- Part-41, Approach to a case with contracture
- Vol.XI-B Part-42, Approach to a case with unstable knee joint
- Vol.XII-A Part-43, Approach to a case with non-union of fracture –I
- Vol.XII-B Part-44, Approach to a case with non-union of fracture – II
- Vol.XIII-A Part-45, Approach to a case with altered gait
- Part-46, Approach to a case with non-union of fracture –III
- Vol.XIII-B Part-47, Approach to a case with non union of fracture-IV
- Part-48, Approach to a case with bony swelling-I
- Part-49, Approach to a case with bony swelling-II
- Vol.XIV-A Part-50, Approach to a case with nerve injury
- Part-51, Approach to a case with osteomyelitis
- Vol.XIV-B Part-52, Approach to a case with arthritis-I
- Part-53, Approach to a case with arthritis-II
- Vol.XV-A Part-54, Approach to a case with swelling in spine
- Vol.XV-B Part-55, Pathological specimen in orthopedics
- Vol.XVI-A Part-56, X-rays in orthopedics-I
- Vol.XVI-B Part-57, X-rays in Orthopedics-II
- Vol.XVII-A Part-58, Instruments viva
- Vol.XVII-B Part-59, Rehabilitation of orthopedics cases
- Vol.XVIII-A Part-60, Clinical examination and evaluation of shoulder
- Part-61, Clinical examination and evaluation of hip
- Part-62, Surgical approaches to hip joint
- Vol.XVIII-B Part-63, Clinical examination and evaluation of spine
- Part-64, Current concepts in spine tuberculosis
- Vol.XIX-A Part-65, Diagnosis and management of nerve injuries-I
- Part-66, Diagnosis and management of nerve injuries-II
- Vol.XIX-B Part-67, Current concepts in musculoskeletal infections
- Part-68, Approach to musculoskeletal tumors

DVDs-DNB Anesthesia

- Vol.I-A Part -1- Long case discussion
- Part -2- Short case discussions
- Vol.I-B Part 3 Viva and instruments
- Part 4 Preparing for theory examination
- Part 5 OSCE film
- Vol.II-A Part-6, recent advances
- Vol.II-B Part-7, Attempting theory questions
- Vol.III-A Part-8, Anatomy & Physiology of CVS and anesthetic drugs
- Part-9, Hypertension & Anesthesia
- Vol.III-B Part-10, Preoperative evaluation of Myocardial Ischemia-I
- Part-11, Preoperative evaluation of Myocardial Ischemia-II
- Vol.IV-A Part-12, Anesthetic management of Myocardial Ischemia-III
- Vol.IV-B Part-13, Anesthesia in coronary artery bypass
- Part-14, Anesthesia in Mitral valve replacement
- Vol.V-A Part-15, Monitoring in Neuro-anaesthesia
- Part-16, Anesthesia in Head injury
- Vol.V-B Part-17, Anesthesia for interventional radiology
- Vol.VI-A Part-18, Anesthesia management for a case of

- Hydrocephalous
Part-19, Anesthesia management for a case of Meningomyelocele
Part-20, Anesthesia management for a case of Cleft lip
- Vol.VI-B Part-21, Anesthesia management for a case of Cyanotic Heart Disease
Part-22, Anesthesia management for a case of Club foot
Part-23, Anesthesia management for a case of RHD & MS
- Vol.VII-A Part-24, Anesthesia management for a case of Hypertension
Part-25, Anesthesia management for a case of Corpulmonale
- Vol.VII-B Part-26, Anesthesia management for a case of Bronchial asthma
Part-27, Anesthesia management for a case of CAD
Part-28, Anesthesia management for a case of facial palsy
Part-29, Anesthesia management for a case of GB syndrome
- Vol.VIII-A Part-30, Anesthesia management for a case of chronic liver disease
Part-31, Anesthesia management for a case of Jaundice
Part-32, Anesthesia management for a case of Toxemia in pregnancy
- Vol.VIII-B Part-33, Anesthesia management for a case of Thyroid
- Vol.IX-A Part-34, Anesthesia management for a case of Diabetes
Part-35, Anesthesia management for a case of renal disorder
- Vol.IX-B Part-36, Anesthesia management for a case of Kyphoscoliosis
Part-37, Anesthesia management for a case of PVD & TM joint
- Vol.X-A Part-38, Anesthesia management for a case of tracheostomy & BEP
Part-39, Anesthesia management for a case of Burns contractures
- Vol.X-B Part-40, Spinal Anesthesia
- Vol.XI-A Part-41, Importance of ABG in Anesthesia
Part-42, Importance of drugs in Anesthesia
- Vol.XI-B Part-43, Importance of ECG in Anesthesia
Part-44, Importance of X-rays in Anesthesia
- Vol.XII-A Part-45, Quiz on X-rays / MRI
Part-46, Quiz on ECG & PFT
- Vol.XII-B Part-47, Quiz on instruments-I
Part-48, Quiz on instruments -II
- Vol.XIII-A Part-49, Quiz on case scenario
Part-50, Venous and Arterial Cannulation
- Vol.XIII-B Part-51, Airway Devices
Part-52, Resuscitation
- Vol. XIV-A Part-53, Preparing of by pass machine before cardiac surgery
Part-54, Organ preservation and protection during bypass surgery
- Vol. XIV-B Part-55, Anesthetic management for off-pump CABG
Part-56, Pulmonary artery catheterization, non-invasive cardiac output measurement
- Vol. XV-A Part-57, Preanesthetic evaluation of coronary patient for non-cardiac surgery latest guidelines
Part-58, Anesthetic management of rheumatic heart disease for cardiac surgery
- Vol. XV-B Part-59, Anesthetic management of cyanotic heart disease for cardiac surgery
- Part-59, Anesthetic management of cyanotic heart disease for cardiac surgery
- Vol. XVI-A Part-61, Anesthetic management in cardiac emergencies
Part-62, Mechanical ventilation
- Vol. XVI-B Part-63, Basic principles in pediatrics anesthesia
Part-64, Anesthetic management of posterior fossa tumour for surgery
- Vol. XVII-A Part-65, Anesthetic management of posterior fossa surgery-II
Part-66, Anesthesia for neuro-radiological procedures
- Vol. XVII-B Part-67, cerebral blood flow and auto-regulation
part-68, how to prepare for theory and practical exam in anesthesia
- Vol. XVIII-A Part-69, Model answers to theory questions-I
Part-70, Model answers to theory questions-II
- Vol. XVIII-B Part-71, Model answers to theory questions-III
Part-72, Model answers to theory questions-IV

DVDs-DNB Pediatrics

- Vol.I-A Part -1- Long case discussion
Part -2- Hints for practical examination
- Vol.I-B Part -3-OSCE Practical
Part -4-OSCE Pediatrics
Part-5-OSCE Film
- Vol.II-A Part-6, History taking of a case
Part-7, General Physical Examination
- Vol.II-B Part-8, Examination of CVS & Respiratory systems
Part-9, Examination of CNS
- Vol.III-A Part -10- Theory Examination
Part-11, Common procedures
- Vol.III-B Part-12- recent advances
Part-13-Fluid& electrolyte management in children
- Vol.IV-A Part-14- Advanced life support for neonate-I
Part-15- Advanced life support for neonate-II
- Vol.IV-B Part-16- Assessment of growth & development-I
Part-17- Assessment of growth & development-II
- Vol.V-A Part-18- Presenting a child with abdominal & hematological complaints
- Vol.V-B Part-19- Model answers to theory questions
- Vol.VI-A Part-20, Approach to a child with heart diseases
Part-21, Arterial blood gases
- Vol.VI-B Part-22, Examination of a neonate
Part-23, Common metabolic disorders in neonates
- Vol.VII-A Part-24, Approach to a child with short stature
Part-25, approach to a child with ambiguous genitalia
- Vol.VII_B Part-26, Approach to a child with Chronic Liver Disease
Part-27, Examination of a bleeding neonate
- Vol.VIII-A Part-28, Approach to a child with epilepsy
Part-29, Approach to a child with stroke
- Vol.VIII_B Part-30, Approach to child with diarrhoea
Part-31, Approach to child with PEM
- Vol.IX-A Part-32, Approach to a child with Bronchial Asthma
Part-33, Approach to a child with Nephrotic syndrome
- Vol.IX_B Part-34, Approach to child with Limp
- Vol.X-A Part-35, Quiz on X-rays
Part-36, Quiz on ECG
- Vol.X-B Part-37, Quiz on instruments
Part-38, Quiz on case scenario
- Vol.XI-A Part-39, Quiz on Hematology
Part-40, Common pediatrics procedures
- Vol.XI-B Part-41, Integrated Management of Neonatal & Illnesses (IMNCI) Programme
- Vol.XII-A Part-42, Neonatal Resuscitation Protocol (NRP-2006) Guidelines
Part-43, Management of Pediatrics Cardiac Emergencies
- Vol.XII-B Part-44, Management of Respiratory Distress Syndrome in Neonates

- Part-45, Management of Neonatal hyper-bilirubinemia
- Vol.XIII-A Part-46, Management of bleeding neonates
- Part-47, Management of neonatal sepsis
- Vol.XIII-B Part-48, Feeding of LBW infants
- Part-49, Challenges for feeding of risk babies
- Vol.XIV-A Part-50, Immunization issues in children
- II Part-51, CNS Tuberculosis
- Vol.XIV-B Part-52, Neonatal seizures
- Part-53, Neonatal jaundice-II
- Vol.XV-A Part-54, Neonatal sepsis-II
- Part-55 Management of Hypothermia in Neonate
- Vol.XV-B Part-56 Management of Shock in children
- Part-57 Management of Hypoxic Ischemic Encephalopathy in Children
- Vol. XVI-A Part-58 Management of Child with UTI
- Part-59 Management of Child with HIV
- Vol. XVI-B Part-60, Management of asthma in children
- Part-61, How to prepare for practical exam in paediatrics
- Vol. XVII-A Part-62, Neonatal resuscitation - physiology of respiration
- Part-63, Neonatal resuscitation- initial steps
- Vol. XVII-B Part-64, Neonatal resuscitation - bag and mask ventilation
- Part-65, Neonatal resuscitation - endotracheal intubation and medications
- Vol. XVIII-A Part-66, Management of respiratory disease syndrome and the role of surfactants
- Part-67, Approach to respiratory distress in newborn
- Vol. XVIII-B Part-68, Upper respiratory infections bronchiolitis
- Part-69, Lower respiratory tract infections in children

DVDs-DNB Family Medicine

- Vol.I-A Part-1, Approach to a woman with early pregnancy
- Part-2, Approach to woman with anemia in last trimester
- Part-3, Approach to a pregnant woman with hypertension
- Part-4, Approach to pregnant woman with 40 weeks of gestation
- Vol.I-B Part-5, Approach to pregnant woman with history of epilepsy
- Part-6, Approach to pregnant woman with pre-eclampsia
- Part-7, Approach to a pregnant woman with convulsions
- Part-8, Approach to a pregnant woman with bleeding
- Part-9, Approach to pregnant woman in last trimester with bleeding
- Part-10, Approach to pregnant woman in early pregnancy with bleeding
- Vol.II-A Part-11, Approach to a married woman with no living issue
- Part-12, Approach to married woman with in fertility
- Part-13, Approach to post-menopausal woman with bleeding
- Vol.II-B Part-14, Approach to a woman with irregular menses
- Part-15, approach to a young girl with painful menses

- Part-16, Approach to an elderly woman with irregular menses
- Vol.III-A Part-17, Approach to a woman with failed barrier contraceptive method
- Part-18, approach to a woman for advising contraception
- Part-19, making PAP smear and inserting IUCD
- Vol.III-B Part-20, Approach to a case with PEM
- Part-21, Assessment of growth and development in children
- Vol.IV-A Part-22, Resuscitation of children
- Part-23, Approach to child with red eyes
- Vol.IV-B Part-24, Approach to children with common infections-I
- Part-25, Approach to children with common infections-II
- Vol.V-A Part-26, approach to a case with chest pain-I
- Part-27, approach to a case with chest pain-II
- Vol.V-B Part-28, approach to a case with chest pain-III
- Part-29, Approach to a case with altered sensorium
- Vol.VI-A Part-30, Approach to a case with snake bite
- Part-31, Approach to cases with Shock and heat stroke
- Vol.VI-B Part-32, Approach to a case with weakness of limbs
- Part-33, Approach to a case with involuntary movements

DVDs- Applied aspects of Microbiology, pathology and hematology

- Vol.I-A Part-1, Clinical aspects of hospital acquired infections
- Part-2, Clinical aspects of hospital waste management
- Vol.I-B Part-3, Clinical interpretation of common biochemical tests
- Part-4, Clinical interpretation of tests for HIV/AIDS
- Vol.II-A Part-5, Clinical interpretation of common hematological tests
- Part-6, Clinical interpretation of common pathological tests
- Vol.II-B Part-7, Clinical interpretation of tests for STDs
- Part-8, Clinical aspects of rationale use of blood
- Vol.III-A Part-9, Clinical interpretation of tests for tuberculosis
- Part-10, Interpretation of lever function tests
- Vol.III-B Part-11, Diagnosis of renal disorders-I
- Part-12, Diagnosis of renal disorders-II
- Vol.IV-A Part-13, Interpretation of serological tests
- Part-14, Interpretation of hematological tests-II
- Part-15, Interpretation of tests for blood coagulation
- Part-16, Interpretation of biochemistry-II tests
- Vol.IV-B Part-17, Role of pathology in diagnostic bronchoscopy-I
- Part-18, Role of pathology in diagnostic bronchoscopy-II
- Vol.V-A Part-19, Pre analytic parameters in clinical biochemistry
- Part-20, Pre analytic sources of errors in clinical microbiology
- Vol.V-B Part-21, Pre analytic issues in clinical hematology
- Part-22, Automation in pathology
- Vol. VI-A Part-23, Monitoring of blood bank
- Part-24, Responsibilities of clinicians for blood transfusion
- Vol. VI-B Part-25, Apheresis of blood components
- Part-26, Preparation and quality control of blood components

DVDs- Neurosurgery

- Vol.I-A Part-1, Assessment of head injury and coma scale
- Part-2, Intracranial pressure and its clinical importance
- Vol.I-B Part-3, CSF and its clinical importance
- Vol.II-A Part-4, Diagnostic methods in Neurosurgery-I

- Vol.II-B Part-5, Diagnostic methods in Neurosurgery-II
Part-6, Common brain tumors
Part-7, Management of a case of Meningitis
- Vol.III-A Part-8, Diagnosis and management of intracranial hematoma
Part-9, Diagnosis and management of Traumatic intracranial hematoma-II
- Vol.III-B Part-10, Diagnosis and management of sub arachnoid hemorrhage
Part-11, Management of case of Intracranial Aneurysms
- Vol.IV-A Part-12, Management of case of Hydrocephalus
Part-13, Management of case of Encephalus
- Vol.IV-B Part-14, Management of case of Cranio Syntosis
Part-15, Management of Clinical Manifestations of HIV
- Vol.V-A Part-16, Management of Pituitary Tumors
- Vol.V-B Part-17, Common brain tumors
Part-18, Management of tumors of spine
- Vol. VI-A Part-19, Management of a case of Syringomyelocoele
Part-20, Management of a case of trigeminal neuralgia
- Vol. VI-B Part-21, Fluid management in head injury
Part-22, Applied aspects of cerebral blood flow
- Vol. VII-A Part-23, Management of cerebello-pontine tumours
Part-24, Management of brain tumors in children
- Vol. VII-B Part-25, Management of meningioma
Part-26, Management of post-traumatic epilepsy

DVDs- Vascular surgery

- Vol.I-A Part-1, Management of acute limb ischemia
Part-2, Management of chronic limb ischemia
- Vol.I-B Part-3, Patho-physiology and management of deep vein thrombosis
Part-4, Management of thoracic outlet syndrome
- Vol.II-A Part-5, Management of abdominal aortic aneurysm
Part-6, Management of carotid stenosis
- Vol.II-B Part-7, Management of varicose veins
Part-8, Management of vascular trauma

DVDs-Physical Medicine & Rehabilitation

- Vol.I-A Part-1, Rehabilitation of balance problems-I
Part-2, Rehabilitation of balance problems-II
- Vol.I-B Part-3, Management of low back pain
Part-4, Rehabilitation of a case with cerebral palsy
- Vol.II-A Part-5, Rehabilitation of a case of COPD
- Vol.II-B Part-6, Management of trauma due to bad ergonomics
Part-7, Management of case of leprosy with deformities

DVDs-Psychiatry

- Vol. I-A Part-1, Child psychiatry research in India
Part-2, Management of autism spectrum disorders
- Vol. I-B Part-3, Management of depression in childhood and adolescence
Part-4, Management of suicidal behaviors in young
- Vol. II-A Part-5, Studies on schizophrenia
Part-6, Neuro-imaging in schizophrenia
- Vol. II-B Part-7, Infections and schizophrenia
Part-8, Neuro transmitters and schizophrenia
- Vol. III-A Part-9, Management of a child with learning disabilities
Part-10, Management of a school child with poor performance
- Vol. III-B Part-11, counseling for school children
Part-12, Mental health programme for school children
- Vol. IV-A Part-13, Development milestones in children

DVDs- Clinical procedures

- Vol.I-A Part-1, Thoraco-centesis and pleural biopsy
Part-2, Abdominal tap and biopsy of kidney and liver
- Vol.I-B Part-3, Bone marrow aspiration
Part-4, Intubation
- Vol.II-A Part-5, Oxygen therapy, Biopsy, FNAC, Local anesthesia
Part-6, Enema and Tracheostomy
- Vol.II-B Part-7, FNAC, Intercostal drainage, nasogastric tube insertion
Part-8, Urethral catheterization, venesection, care of tubes

DVDs- Radiation therapy in clinical practice

- Vol.I-A Part-1, Principles of radiation therapy (Physics)-I
Part-2, Principles of radiation therapy (Treatment)-II
- Vol.I-B Part-3, Principles of radiation therapy (Radiobiology)-III
Part-4, Principles of radiation therapy (Chemotherapy)-IV
- Vol.II-A Part-5, Overview of the radiotherapy equipment
Part-6, radiation hazard and protection
- Vol.II-B Part-7, Brachy therapy
Part-8, Management of cancer Breast
- Vol. III-A Part-9, Management of Cancer cervix
Part-10, management of cancer lung and lymphoma1
- Vol. III-B Part-11, principles of radiotherapy planning
Part-12, Chemo-radiation in head & neck tumors
- Vol. IV-A Part-13, Radiotherapeutic management of bone tumour I
Part-14, Radiotherapeutic management of bone tumour-II
- Vol. IV-B Part-15, Radiotherapeutic management of brain tumour-I
Part-16, Radiotherapeutic management of brain tumour-II

Part-14, management of children with ADD/ADHD
Vol. IV-B Part-15, Normal thinking and disorders of thought
Vol.V-A Part-16, Rating scales in psychiatric practice
Part-17, Cognitive assessment in psychiatric practice
Vol.V-B Part-18, Examination of an un-cooperative psychiatric patient
Part-19, Disability certification in psychiatric practice
Vol VI-A Part-20, Neuro developmental and neuro degenerative theories in psychiatry
Part-21, Basics of genetic counseling
Vol. Vi-B Part-22, Anthropology in psychiatry
Part-23, Bio-ethics in psychiatry

FORMAT FOR ORDERING LEARNING MATERIALS FOR HOSPITAL LIBRARY

Name of the institution/hospital _____

Name and address of the nodal officer
(in whose name the materials are to be sent) _____

Phone no. Fax, Email of the nodal officer _____

Please send the following DVDs

Specialty	Number of DVDs sets available with National Board of Examinations	Set required for your institutions Yes / No
Medicine	Set of Volume I to XXIII comprising of 46 DVDs, Rs. 9,200/-	
Surgery	Set of Volume I to XVI comprising of 52 DVDs, Rs. 10,400/-	
OBG	Set of Volume I to XIX comprising of 38 DVDs, Rs. 7,600/-	
Orthopedics	Set of Volume I to XIX comprising of 38 DVDs, Rs. 7,600/-	
Ophthalmology	Set of Volume I to X comprising of 20 DVDs, Rs.4,000/-	
ENT	Set of Volume I to X comprising of 20 DVDs, Rs.4,000/-	
Anesthesia	Set of Volume I to XVIII comprising of 36 DVDs, Rs.7,200/-	
Radiology	Set of Volume I to XII comprising of 24 DVDs, Rs.4,800/-	
Dermatology	Set of Volume I to III comprising of 6 DVDs, Rs. 1,200/-	
Pediatrics	Set of Volume I to XVIII comprising of 36 DVDs, Rs.7,200/-	
Family Medicine	Set of Volume I to VI comprising of 12 DVDs Rs.2,400/-	
Important medico-legal communication, issues related to clinical practice	Set of Vol.I-III comprising of 6 DVDs, Rs.1,200/-	
Thesis research and statistical methods	Set of Vol.I-III, Comprising of 6 DVDs, Rs.1,200/-	
Trauma assessment and management	Set of Vol.I-III, comprising of 6 DVDs, Rs.1,200/-	
Emergency management	Set of Vol. I to III comprising of 6 DVDs Rs.1,200/-	
Bedside teaching & training	Set of Vol. I comprising of 2 DVDs Rs.400/-	
Applied aspects of Microbiology, pathology and hematology	Set of Vol. I to VI, comprising of 12 DVDs Rs.2,400/-	
Neurosurgery	Set of Vol. I to VII comprising of 14 DVDs Rs.2,800/-	
Vascular surgery	Set of Vol. I to II comprising of 4 DVDs Rs.800/-	
Clinical procedures	Set of Vol. I to II comprising of 4 DVDs Rs.800/-	
Radiation therapy in clinical practice	Set of Vol. I to IV comprising of 8 DVDs Rs.1,600/-	
Physical medicine and rehabilitation	Set of Vol. I to II comprising of 4 DVDs Rs.800/-	
Psychiatry	Set of Vol. I to VI comprising of 12 DVDs Rs.2,400/-
