IMPORTANT INSTRUCTIONS

- This question paper consists of 10 questions divided into Part ‘A’ and Part ‘B’, each part containing 5 questions.
- Answers to questions of Part ‘A’ and Part ‘B’ are to be strictly attempted in separate answer sheet(s) and the main + supplementary answer sheet(s) used for each part must be tagged separately.
- Answers to questions of Part ‘A’ attempted in answer sheet(s) of Part ‘B’ or vice versa shall not be evaluated.
- Answer sheet(s) of Part ‘A’ and Part ‘B’ are not to be tagged together.
- Part ‘A’ and Part ‘B’ should be mentioned only on the covering page of the respective answer sheet(s).
- Attempt all questions in order.
- Each question carries 10 marks.
- Read the question carefully and answer to the point neatly and legibly.
- Do not leave any blank pages between two answers.
- Indicate the question number correctly for the answer in the margin space.
- Answer all the parts of a single question together.
- Start the answer to a question on a fresh page or leave adequate space between two answers.
- Draw table/diagrams/flowcharts wherever appropriate.

PART A

Write short notes on:

1. a) Systemic associations of Ectopia lentis. 
   b) Management of a case of Ectopia lentis.  

2. Etiology, types, clinical picture, differential diagnosis and management of myasthenia gravis.

3. A 65 year old diabetic man presents with painless diminution of vision with vitreous haze. How will you investigate and treat him?

4. Etiopathogenesis, clinical picture, differential diagnosis and management of thyroid orbitopathy.

5. a) What is VEGF-Trap?
   b) What are its advantages over the current anti-VEGF agents?
