Dear Budding and future Orthopaedic Surgeons.

Orthopaedic Research and Education Foundation India has been conducting P.G. Instructional Course in Orthopaedics since 1995. Indore Course was the first of its kind in India. It is the most popular and sought after Course. It is attended by students even from Abroad. Now the World Orthopaedic Concern ( International) is also the partner

(B. Mukhopadhaya)

This Course is designed in such a way that common weak points are identified and students are trained to present their problems to the panel of Examiners. During Course period you are encouraged to interact with the eminent faculty and amongst large number of students who are coming from different places. Infact it is pre-examination revision course and mock examination. Emphasis will be on Clinical cases.

Indore is extremely present in the month of March. Those coming from Abroad are requested to communicate with us earlier so that we may send you the letter for you Visa formalities. With best wishes.

Yours Sincerely,

Dr. D. K. Taneja,

M.B.B.S, D.ORTH., M.S.Orth, F.A.M.S.,F.R.C.S.(Eng), FIOA, FAPOA
