MESSAGE

I am happy to know that, in keeping with their past practice, the National Board of Examination is holding its 20th Convocation on 24th December, 2019 at New Delhi. It is immensely satisfying to know that on the day, young physicians would be awarded with degrees and receive recognition to practice as specialists in different disciplines of medical sciences. With this the country's healthcare resource would be more secure in young energetic, knowledgeable and safe hands.

2. Under the dynamic leadership of our Prime Minister, the Central Government is committed for providing affordable quality healthcare service to all, particularly the needy patients in all parts of the Country, even in the inaccessible and difficulty to reach areas.

3. I wish to take this opportunity to congratulate these gen-next specialist physicians, their parents and families, their teachers, the institutions that nurtured them and the National Board of Examinations, who organised this Convocation.

4. My best wishes for the success of NBE's 20th Convocation.

(Dr. Harsh Vardhan)
