

National Board of Examinations

Question Paper Name : Diploma Tuberculosis and Chest Disease Paper2
Subject Name : Diploma Tuberculosis and Chest Disease Paper2
Duration : 182
Total Marks : 100
Display Marks: No

Maximum Instruction Time : 0
Is Section Default? : No

Question Number : 1 Question Id : 32718745909 Consider As Subjective : Yes

Please write your answers in the answer booklet within the allotted pages as follows:-

Question Number	Answer to be attempted within	Question Number	Answer to be attempted within
Q. 1	Page 1-5	Q. 6	Page 26-30
Q. 2	Page 6-10	Q. 7	Page 31-35
Q. 3	Page 11-15	Q. 8	Page 36-40
Q. 4	Page 16-20	Q. 9	Page 41-45
Q. 5	Page 21-25	Q. 10	Page 46-50

1. a) Clinical presentation and evaluation of hypereosinophilic syndrome. [5]
- b) Diagnosis and management of pulmonary alveolar proteinosis. [5]

Question Number : 2 Question Id : 32718745910 Consider As Subjective : Yes

- a) Differentiate chylothorax from pseudochylothorax. [5]
- b) Pathogenesis, clinical features and radiological pattern in silicosis. [5]

Question Number : 3 Question Id : 32718745911 Consider As Subjective : Yes

- a) Clinical classification of obstructive airway diseases and pathological findings of bronchiolitis obliterans. [5]
- b) Evaluation and management of difficult to treat asthma. [5]

Question Number : 4 Question Id : 32718745912 Consider As Subjective : Yes

- a) Clinical manifestations and staging of sarcoidosis. [5]
- b) Diagnosis and management of pulmonary renal syndrome. [5]

Question Number : 5 Question Id : 32718745913 Consider As Subjective : Yes

- a) Diagnosis and management of encysted empyema. [5]
- b) Characteristics and complications of fungal ball. [5]

Question Number : 6 Question Id : 32718745914 Consider As Subjective : Yes

- a) Interpretation of polysomnography. [5]
- b) Principles of impulse oscillometry. [5]

Question Number : 7 Question Id : 32718745915 Consider As Subjective : Yes

- a) Role of surgery in drug resistant TB. [5]
- b) Management of anti-TB treatment induced cardiac arrhythmia. [5]

Question Number : 8 Question Id : 32718745916 Consider As Subjective : Yes

- a) Diagnosis and management of recurrent mediastinal tuberculous lymphadenitis. [5]
- b) Clinical approach to evaluation of respiratory failure. [5]

Question Number : 9 Question Id : 32718745917 Consider As Subjective : Yes

- a) Diagnosis and management of pulmonary embolism. [5]
- b) Thoracic manifestations of systemic sclerosis. [5]

Question Number : 10 Question Id : 32718745918 Consider As Subjective : Yes

- a) Smoking cessation. [5]
- b) Cardiopulmonary exercise testing. [5]
