Question Paper Name : DNB General Medicine Paper2
Subject Name : DNB General Medicine Paper2
Duration : 182
Total Marks : 100
Display Marks: No

Maximum Instruction Time : 0
Is Section Default? : No

Question Number : 1 Question Id : 32718744635 Consider As Subjective : Yes

Please write your answers in the answer booklet within the allotted pages as follows:-

Question Number	Answer to be attempted within	Question Number	Answer to be attempted within
Q. 1	Page 1-5	Q. 6	Page 26-30
Q. 2	Page 6-10	Q. 7	Page 31-35
Q. 3	Page 11-15	Q. 8	Page 36-40
Q. 4	Page 16-20	Q. 9	Page 41-45
Q. 5	Page 21-25	Q. 10	Page 46-50

1. a) Describe the differential diagnosis and approach to a patient with generalized lymphadenopathy. [4]
- b) Enumerate difference between Hodgkin's and non-Hodgkin's lymphoma. [3]
- c) WHO classification of Hodgkin's lymphoma. [3]

Question Number : 2 Question Id : 32718744636 Consider As Subjective : Yes

- a) Enumerate causes of azotemia. [5]
- b) Diagnostic approach to the patient with polyuria. [5]

Question Number : 3 Question Id : 32718744637 Consider As Subjective : Yes

Describe the etiology of syncope and evaluation of syncope in adults. [5+5]

Question Number : 4 Question Id : 32718744638 Consider As Subjective : Yes

- a) Clinical features and evaluation of peripheral neuropathy. [5]
- b) Write a note on nerve conduction study (NCS). [5]

Question Number : 5 Question Id : 32718744639 Consider As Subjective : Yes

- a) Define antiphospholipid syndrome (APS) and enumerate types of antiphospholipid antibodies. [2]
- b) Describe the pathogenesis, diagnostic criteria and management of antiphospholipid syndrome. [2+3+3]

Question Number : 6 Question Id : 32718744640 Consider As Subjective : Yes

- a) Describe structural and molecular basis of podocyte injury in primary nephrotic syndrome. [5]
- b) Describe the prognostic and therapeutic implications of podocytopathies in adults. [5]

Question Number : 7 Question Id : 32718744641 Consider As Subjective : Yes

- a) Describe etiopathogenesis and clinical features of leptospirosis. [5]
- b) Write about scoring system used in diagnosis of leptospirosis. [2]
- c) Write about management of leptospirosis. [3]

Question Number : 8 Question Id : 32718744642 Consider As Subjective : Yes

- a) Enumerate diseases included under spondyloarthritis. [2]
- b) Role of HLA-B27 in its pathogenesis. [2]
- c) Diagnosis and management of ankylosing spondylitis with current biologic agents. [6]

Question Number : 9 Question Id : 32718744643 Consider As Subjective : Yes

- a) Classify systemic vasculitis based on vessel size. [2]
- b) Outline the pathogenesis of ANCA-associated vasculitis. [3]
- c) Describe diagnostic evaluation and treatment principles of granulomatosis with polyangiitis (Wegener's). [5]

Question Number : 10 Question Id : 32718744644 Consider As Subjective : Yes

- a) Describe the structure, mode of transmission, and pathogenesis of Epstein–Barr virus infection. [5]
- b) Enumerate hematologic, neurologic and hepatic complications of EBV infection. [5]
