Question Paper Name : DNB Orthopaedics Paper2
Subject Name : DNB Orthopaedics Paper2
Duration : 182
Total Marks : 100
Display Marks: No

Maximum Instruction Time : 0
Is Section Default? : No

Question Number : 1 Question Id : 32718744723 Consider As Subjective : Yes

Please write your answers in the answer booklet within the allotted pages as follows:-

Question Number	Answer to be attempted within	Question Number	Answer to be attempted within
Q. 1	Page 1-5	Q. 6	Page 26-30
Q. 2	Page 6-10	Q. 7	Page 31-35
Q. 3	Page 11-15	Q. 8	Page 36-40
Q. 4	Page 16-20	Q. 9	Page 41-45
Q. 5	Page 21-25	Q. 10	Page 46-50

1. Surgical principles and rationale for articular and non-articular fractures management. [10]

Question Number : 2 Question Id : 32718744724 Consider As Subjective : Yes

Hallux valgus:

- Clinical and radiological criteria for surgical intervention. [5]
- Soft tissue and bony procedure to correct hallux valgus. [5]

Question Number : 3 Question Id : 32718744725 Consider As Subjective : Yes

Sprengel shoulder:

- a) Classification. [3]
- b) Pathogenesis. [3]
- c) Treatment options. [4]

Question Number : 4 Question Id : 32718744726 Consider As Subjective : Yes

Retroperitoneal approach for lumbar spine:

- a) Indications and rationale. [3]
- b) Anatomy and surgical steps. [4]
- c) Pros and cons of approach. [3]

Question Number : 5 Question Id : 32718744727 Consider As Subjective : Yes

Management of a case of carcinoma lung with pathological fracture at subtrochanteric level:

- a) Management rationale and options. [5]
- b) What is the role of histopathology and/or immunohistochemistry in decision making? [5]

Question Number : 6 Question Id : 32718744728 Consider As Subjective : Yes

Anterior shoulder instability:

- a) Highlight various surgical techniques according to cause. [5]
- b) Latarjet procedure. [5]

Question Number : 7 Question Id : 32718744729 Consider As Subjective : Yes

Fracture scapula:

- a) Cole's criteria. [5]
- b) Modified Judet approach. [5]

Question Number : 8 Question Id : 32718744730 Consider As Subjective : Yes

Malunion of supracondylar fracture humerus:

- a) What is Yamamoto test? [5]
- b) What is its role in decision making? [5]

Question Number : 9 Question Id : 32718744731 Consider As Subjective : Yes

PCL avulsion fracture - diagnosis and management. [10]

Question Number : 10 Question Id : 32718744732 Consider As Subjective : Yes

Describe direct anterior approach for hip arthroplasty, indications and contraindications, and how to perform it. [10]
