Question Paper Name : DNB Otorhinolaryngology ENT Paper2
Subject Name : DNB Otorhinolaryngology ENT Paper2
Duration : 182
Total Marks : 100
Display Marks: No

Maximum Instruction Time : 0
Is Section Default? : No

Question Number : 1 Question Id : 32718744602 Consider As Subjective : Yes

Please write your answers in the answer booklet within the allotted pages as follows:-

Question Number	Answer to be attempted within	Question Number	Answer to be attempted within
Q. 1	Page 1-5	Q. 6	Page 26-30
Q. 2	Page 6-10	Q. 7	Page 31-35
Q. 3	Page 11-15	Q. 8	Page 36-40
Q. 4	Page 16-20	Q. 9	Page 41-45
Q. 5	Page 21-25	Q. 10	Page 46-50

1. a) Enumerate the aetiological factors for nasal septal perforation. [3]
- b) Briefly discuss the clinical features of patients with septal perforation. [2]
- c) Discuss the various management options for this condition. [5]

Question Number : 2 Question Id : 32718744603 Consider As Subjective : Yes

- a) Define Haller cell and Onodi cell and write about their clinical relevance. [3]
- b) Briefly discuss the attachments of uncinat process. [3]
- c) Discuss in detail about the ligation techniques for management of epistaxis. [4]

Question Number : 3 Question Id : 32718744604 Consider As Subjective : Yes

- a) Enumerate the various causes for CSF rhinorrhoea. [3]
- b) What investigations would you advise to establish the presence and site of CSF leak in a suspected patient? [4]
- c) What are the various surgical approaches for its management? [3]

Question Number : 4 Question Id : 32718744605 Consider As Subjective : Yes

- a) Draw a labelled diagram showing parts of the nasal septum along with the blood supply of nasal septum. [2+2]
- b) Classify nasal fractures along with their clinical features. [3]
- c) Enumerate Le Fort classification of mid-facial fractures. [3]

Question Number : 5 Question Id : 32718744606 Consider As Subjective : Yes

- a) Draw a labelled diagram showing neurovascular relations of sphenoid sinus. [4]
- b) Briefly discuss the various pneumatization patterns of sphenoid sinus. [4]
- c) Enumerate the boundaries of frontal recess. [2]

Question Number : 6 Question Id : 32718744607 Consider As Subjective : Yes

- a) Enumerate the extrinsic muscles of tongue along with their actions. [4]
- b) Write the TNM classification for carcinoma tongue. [3]
- c) Enumerate the risk factors for oral carcinomas.[3]

Question Number : 7 Question Id : 32718744608 Consider As Subjective : Yes

- a) What is atrophic rhinitis? [1]
- b) What are the clinical features of patients with atrophic rhinitis? [5]
- c) Enumerate the treatment modalities for managing this condition. [4]

Question Number : 8 Question Id : 32718744609 Consider As Subjective : Yes

- a) Diagrammatically depict the nasofrontal and nasolabial angles along with their normal range. [3]
- b) Enumerate the various incisions used in rhinoplasty. [3]
- c) Enumerate the treatment options for patients with nasal valve collapse. [4]

Question Number : 9 Question Id : 32718744610 Consider As Subjective : Yes

- a) Enumerate the clinical features and various classifications for carcinoma maxilla. [7]
- b) Outline the management protocol in such a case. [3]

Question Number : 10 Question Id : 32718744611 Consider As Subjective : Yes

- a) Enumerate the various theories for salivary gland neoplasms. [3]
- b) Enumerate the TNM classification of parotid gland carcinomas. [4]
- c) What are the risk factors for salivary gland carcinomas? [3]
